Real estate development firm Macken Companies has opened the onsite sales center for [Beach House](#), a new luxury residential development featuring four two-story single-family homes on the barrier island of Dolphin Isles in Fort Lauderdale.

Builder

Priced from \$1.375 million, each of Beach House's homes features three or four bedrooms, two-car garages, generous front porches, large second-floor terraces, and private swimming pools. Interior features will include elevated ceilings, Bosch appliances, and smart home technology. Construction is well underway, and completion is scheduled for Q2 2017, according to the firm.

Beach House was designed by Stofft Architects with a contemporary tropical design; Marc-Michaels Interiors is overseeing the finishes. The project is being constructed by VCM Builders and offered for sale by Macken Realty, both affiliates of Macken Companies. Macken is a fully integrated firm with real estate investment, development, construction, financing and brokerage entities that has developed properties in [Florida](#) for more than 30 years.
